

## **Health and Safety Policy**

Walter Tosto S.p.A. 'Health and Safety Policy' aims to become an integral part of our Company's policy and shall be considered equal to manufacturing, efficiency, quality, environment, etc.

Any document connected to said Policy shall be available in any office or department, in order to avoid improper and dangerous situations leading to accidents and injuries.

Walter Tosto S.p.A. strongly believes that any accident may be avoided, therefore our company uses the best technologies and, above all, carries out proper training of the staff at any stage and degree, in order to assure all competences and responsibilities, aiming to a positive and successful outcome of the activities.

All employees and workers are responsible for the proper application of the Health And Safety policy, so to avoid any accident or injury.

The final aim is to have NO ACCIDENTS at work. According to Walter Tosto SpA, the staff represents the strategic element for safety, therefore an active attitude is required, for bettering and developing the related standards.

Walter Tosto S.p.A. shall inform all its employees and workers and relevant people involved about the results deriving from the correct application of this policy.

The Health and Safety Policy shall be updated continuously.

The Managing Director  
Mr. Luca Tosto
